RICH STAKES WON BY DOMINO. Six-Furlong Dash at Morris Park That Net-

ted the Winner \$20,000. MORRIS PARK, June 10 .- It was hot here to-day. The air was thick and heavy, and added to the discomfort of twenty thousand people. The attendance was the largest of the meeting, for which the excellent programme is responsible. It leaked out that Guttenberg bookmakers and Fort Lee pool rooms were doing business on these races. In order to stop all information getting from the track, the same old arbitrary proceeding of allowing no one to leave until after the third race had been run was adopted. The wires which supplied the Western pool rooms were cut out, and the newspaper correspondents were unable to send anything from the grounds until after the third race. The track was in superb condition. The Standard stakes

was won by Bouquet. Then came the event of the day, the great Eclipse stakes, worth \$20,000 to the winner. From a sportsman's standpoint it was a disappointment, for it was more like a procession than a race. Nobody ever saw a race won in handler fashion. The great prowess of Domino, the son of Himyar, frightened all but Dobbins, Declare, St. Julien, Sam Lucas and Hurlingham out of the contest; in fact, it was a foregone con-clusion that the Keene representative would win. Demino was quite tractable at the post, and when M. Rowe dropped the flag he appeared slow to move away. Hurlin the first furlong. Rounding the clbow. however, Domino, under a pull, strode up to Declare and the Blemton candidate, and the trie swept head and head into the dip.
Lamley moving Dobbins up from behind.
When the last quarter pole was reached
Domino's nose was tilted saucily and his
head was to one side, showing that Taral
had him well in hand. Declare, on the contrary, was beginning to hang, and Doggett's heels were busy, although his hands were quiet. Lamley was right at hand with Dobbins, measuring his opponents critically. He glanced across at Hurlingham and saw that the son of King Gallop was beaten. Raising the second hill Taral straightened Dominals had and the race was over the favorino's head and the race was over, the favorite romping away from his field and passing the judges two lengths before Dobbins,
who disposed of Declare after a brief battle at the furlong pole. Domino was not
the least distressed by his efforts, and Taral was enthusiastic about the colt. Declare ran a a remarkably good race, considering the fact that he was lame in the paddock before the race. Results:
First Race—Seven Furlongs. Roller first,

Missouri Stakes Won by Ell Kindig. Sr. Louis, June 10 .- The feature of today's races at the fair grounds, the Missouri stakes, was a tame affair. Only two horses faced the flag and Eli Kindig landed the rich prize without an effort. It was worth \$1,085 to the winner. Results:

CINCINNATI, O., June 10 .- The track at Latonia to-day was very fast and in the third race the best time for the track was made, seven furlongs being covered in 1:28. The Latonia Oaks, which paid \$3,210 to the winner, was captured with ease by Darvela. Results: First Race-Three-fourths of a mile.

ELWOOD, Ind., June 10.-The game of baseball played here this afternoon between the Indianapolis and Elwood teams resulted in a score of 11 to 6 in favor of Elwood. The game was played in the new ball park, which had just been completed. Both teams did good work. The attendance was large and the opening of the season is very auspicious.

BIG FAILURE IN OHIO.

A Toledo Grain Firm, with Liabilities of

\$300,000, Forced to Assign. Toledo, O., June 10 .- One of the bestknown and what was thought to be one of the most flourishing grain firms in northern Ohio, the A. L. Backus & Sons Company, of this city, made a voluntary assignment to-day. Alexander Backus, son of the president of the firm, and president of the Vulcan iron works, is named as assignee. The liabilities are estimated at \$300,000, while the assets are not known, though it is claimed they will be sufficient to meet the indebtedness. The company was a member of the Toledo Produce Exchange, and attained considerable notoriety some months ago by com-mencing suit against eleven members of the exchange for alleged boycott and ask-ing damages of \$1,000,000. This boycott and the depression in the money market are said to be responsible for the firm's embarrassment,

An Ohio Bank Closed. CINCINNATI, June 10 .- The Citizens' National Bank, of Hillsboro, has been closed by order of Controller Eckels, and placed in the hands of bank examiners. C. M. Overman, a cousin of ex-Governor Foraker, is president. Hon. J. J. Pugsley, late member of Congress, is vice president. The bank's statement made two months ago showed capital, \$100,000; surplus, \$50,000; undivided profits, \$19,000; average deposits, \$275,000; circulation, \$22,500.

Other Business Troubles. NEW YORK, June 10.—Edward F. Sanford & Co., dealers in diamonds, jewelry, etc., have made an assignment without preference. The failure is attributed to the shutting down on their commercial paper by the banks, and to dull trade. The liabilities are reported to be upwards of \$150,000; assets probably \$100,000.

Snow & Burgess, shipping and commission merchants, also made an assignment. The failure is ascribed to tight money.

George Doerflinger and Charles Kuhn, jr., composing the firm of Kuhn, Doerflinger & Co., dealers in diamonds and precious stones at 58 John street, to-day assigned to Frederick Belts, with a preference of \$10,000 to the Quincy National Bank, of Florida, for notes discounted. MINNEAPOLIS, June 10.—Late this afternoon the schedules of the Northwestern Guaranty Company were filed with the register of deeds. The showing is a great deal better than was at first expected, and is, briefly, as follows: General assets, \$5,262,514; general liabilities, \$4,145,722.76, leaving a balance in favor of the company of \$1,116,791.24.

GRAND FORKS, N. D., June 10.—Judge Templeton has appointed A. J. Foberg, of Duluth, receiver of the Red River Valley Elevator Company, which has a line of elevators on the Manitoba & Dakota division of the Northern Pacific Railroad, and is practically controlled by the same stockholders as the Northern Pacific Elevator Company vator Company.

of Hamilton Job & Co. failed to open for business this morning. Assets are \$255,000 in money, notes, county securities and real estate; liabilities, \$205,000, of which \$171,000 is deposits. The cause of the suspension was the financial stringency.

PITTSBURG, June 10.—The unsecured creditors of Godfrey & Clark, the paper manufacturers who recently failed, filed a petition in court today asking the appointment of a receiver. The unsecured indebtedness is \$150,000. Godfrey & Clark had offices in Chicago, New York and many other cities.

GALVESTON, Tex., June 10.—The Texas Trading Company, a wholesale and retail corporation, has made an assignment to W. S. Dorland. Assets, \$163,000; liabilities, \$81,800. New York, June 10.—Judge McAdam. of the Superior Court, has appointed Fabius McLarke and Dr. Henry T. Cutter receivers of the Casino

World's Fair Trains Taken Off.

CLEVELAND, June 10.-The Lake Shore's new world's fair schedule is yet in its infancy, baving been in effect scarcely two weeks, yet it has already proved itself a white elephant. Nine new trains were put on at the start, but on Thursday the Chicago special was discarded, as not enough people took passage on it to pay for the fuel consumed. To-morrow two more trains will be discarded—the Boston and Cleveland express and the South Shore express, which passes through Cleveland at 9:40 P. M. The Buffalo express will, hereafter, only run to Cleveland, instead of through to Buffalo. It is reported that other roads will follow the Lake Shore's example in a few days in case there is not a wonderful increase in business. The Erie's new world's fair schedule is to come to grief even sooner than the Lake Shore's, for it was only put into effect on Sanday last. To-morrow trains No. 17 and 14 will be both abandoned. Lack of travel is given

Northern Pacific Debt Readjusted. NEW YORK, June 10 .- President Oakes, of the Northern Pacific Railroad Company, has just appounced that the plan for the readjustment of the floating debt of the Northern Pacific has been completed, the entire amount, \$12,000,000 having been subscribed for. This was taken by Mr. Villard and his German-American friends and the Rockefellers, the latter taking nearly onethird. The fleating debt amounts to about \$11,000,000. The new bonds will be offered to the security holders at 95. Mr. Villard's resignation as chairman of the board, which has been in the hands of the board for some time, will, it is said, he accepted at the next meeting. The last subscription was

MADE LOVE BY LETTER.

Arrest of a Woman Who Swindled Would-Be Benedicts Ont \$50 to \$100 Each.

NEW YORK, June 10 .- The postoffice inspectors in the Federal Building were much interested this afternoon in the announcement from Albany of an important arrest. During the past six months the postoflice inspectors here have received numerous complaints from all over the country, particularly the West and South, from would-be benedicts about the manner in which they had been swindled by a woman who had by letter promised every one of them to marry them. The alleged swindler was arrested yesterday, at Albany, and held in bonds to-day. She is Emma J. Waters, alias Jessie E. Rivers. As the love making by letter continued, and the point was reached where she was to start out to meet her would-be husband, she would write requesting some money to purchase goods. In response she invariably received sums varying from \$50 to \$100. That is the last the would-be husband would hear of her or the money. Inspector Jacobs, who gave out the story at the postoffice this afternoon, said that she was in the habit of receiving from thirty to fifty let-ters each day. The particular complaint upon which she was arrested was made by Morris Ficks, of Hallock, Minn., who says he was duped out of \$50 by her. Some of her letters which were shown this afternoon are gems.

Women's Work at the Fair. Some of our foreign friends are inclined to make light of the women's share in the to make light of the women's share in the great Chicago enterprise. They say that much of the "work"—literary, oratorical, artistic, what not—has been, not to put too fine a point upon it, and to use a phrase that the women ought to understand, taken from the oven a little too soon, and that the participants would have done better to wait until they had something worth showing. Doubtless there is ground for this kind of criticism, but the pebbles seem to us to be thrown from glass seem to us to be thrown from glass houses. The exhibits, personal and other, made by the stronger sex can hardly be said to be monotonously perfect after their kind. We have a painful consciousness that a large, a very large. proportion of the speech and writing of males on the subject of the world's fair might have been better baked. Some of it might have been reduced to ashes with advantage. And there is another side to the question. It is not to be denied that there is excellent work by women at Chicago-artists, decorators, architects, writers, to say nothing of less pretentious exhibitors. It is our judgment that competition among the women, where a high level is attained by some, will tend strongly, directly, and permanently to raise the level of the others. Not of all, of course. There are women of impregnable for vanity and hopeless stupidity, as there are men similarly afflicted. But wherever a women of sincere purpose, wishing to do the best, and ready to work for it, sees other women's achievements of a worthy sort, she receives a definite impulse, an inspiration, and with these guid-
